Breezelets

It has been officially announced from Edmonton that blackleg has broken out in some parts of Alberta.

But "bootleg" is rampant all through the province—and then some.

"Another great war in fifteen years," says Brig.-Gen. Geries-back.

Well, as the Allied armies are to be in occupation in Germany for fifteen years they will be Johnny on the spot when that prophesied war breaks out.

A big still is found at the Head of Lakes.

Someone who knew wouldn't keep still about the still and the cops got wise—and the still.

German peace delegates hope to wreck peace machine at Paris.

In that case, Foch is being given a free hand in the wrecking game.

Somebody has got away with some 500 bottles of bad bootleggers whiskey from the warehouse of the government vendor at Calgary.

And that is the kind of stuff the booze artists have been paying several dollars a bottle for.

The B. A.'s certainly got it in the neck as well as the pocket.

Germany proposes to send three dummy delegates to the peace conference to receive the peace terms.

And as such they will be treated and returned home again, with a label attached—No peace terms made to German dummies.

It is said that Germany is playing her old game, and expects to overthrow the republic and re-establish a monarchy.

But the Allies haven't finished with the German monarchy yet.

Calgary city and employees sign peace terms.

Calgary beats Germany to it in signing peace terms.

Lord Shaughnessy has announced that he is opposed to government ownership of railways.

Shaughnessy being on the inside track knows very well who would get the fat dividends.

CENTRAL PROVINCIAL HOSPITAL

A mass meeting of citizens from Cereal and Chinook was held in Arm's hall, on Thursday evening of last week, to urge upon the government the great necessity of forming a central provincial hospital, between Oyen and Youngstown.

There was a very large representation from Cereal present, including some ladies. Mr. Cottrell of Cereal was elected chairman and Barrister Ormond of Chinook secretary.

The chairman briefly explained the object of the meeting. At the present time the government had mapped out two provincial hospital areas, comprising 92 districts, with centres at Oyen and Youngstown. The object of the present meeting was to bring before the government the necessity of making a central hospital between the two as now proposed. It was pointed out that as at present constituted in some parts of the area included patients would have to travel 60 to 70 miles to get to a hospital at Oyen and 40 to 50 miles to Youngstown—hence the necessity for a central hospital, within reasonable distance of all in the proposed area. It was suggested that the central hospital area should comprise ranges 5, 6, 7 and part 8 from tp 29 south. It is understood that the gov't has said that 36 townships would make an ideal area to comfortably support a provincial hospital. The suggested composition of the central hospital would comprise 34 townships, still leaving some 60 townships to be divided between the other two proposed hospitals, which would be ample, as it was noticed that some of the government locations for hospitals were less than 30 and as small as 17 townships. The accommodation in the two hospitals provides for some 60 beds. A central hospital would provide 22 extra beds at an added cost of only 27 cents per quarter, besides its greater convenience.

From recent communications between the Chinook board of trade and the Dept. it was inferred that the government was more in favor of smaller hospitals conveniently placed, rather than larger hospitals at central points too far apart. Their chief concern was to have the area large enough to make the hospitals self-supporting. The suggested central hospital was plenty large enough to do that, and it was on this attitude of the government that the Chinook board of trade put in their hopes and claims with the government to grant their request.

All the government does is to select the territory, and the rate-payers in that territory, who have to pay for the institution, vote whether they want a hospital or

John Gilpin's famous ride wasn't in it with His Majesty's mail coach (Kinmundy to Chinook) on Monday last. Fergus was eating mashed murrhies and crushed spuds at 3 o'clock in the afternoon, instead of the usual 8 o'clock supper. Methinks that long gad with the nice little piece of wire at the end of it accounts for that. Gid-dup—Biff!!

The advent of another bunch of surveyors has brought hope, it not joy, to the hearts of the homesteaders in this locality. Following the old line of the C.P.R. survey from their camp on the Blood Indian Creek, they proceeded rapidly from east to west to their next camp on the premises of C. T. Leitch, between whose house and barn the proposed line passes.

We are sincerely glad to see the familiar form of George Dinwoodie again in our midst. Pte. Dinwoodie returned to Big Stone from overseas on Saturday, April 12th. It is almost three years now since he enlisted with the 175th batt. to do his bit for king and country, and during that time he has had many varied experiences, not the least of which has been a long sojourn in the prison camps of the Huns. Before settling down again to civilian life George is visiting relatives in the north country for a short time.

(Continued on page 8)

BIG STONE CHIPS

Miss A. McCannel is enjoying Easter holiday.

The tinkle of dem wedding bells is nearer—nearer than before. More anon.

Heathdale school re-opens with a new teacher (alas, for our young men!) this time one of the masculine gender.

Miss Gladys Evans, who has been attending high school at Chinook, is spending Easter holidays at home.

The Thackeray school is almost completed. Mr. Cliphem has been engaged to paint it, and is doing a good job.

Mr. W. W. Dunkley and son, Francis, of Calgary, are busily engaged in farming their holidays in this vicinity.

The appearance of the Dominion school grounds has been improved by a fence. The work was done voluntarily.

Seeding operations are in full swing. Here's hoping we have a "bumper" this fall as a sequel to honest and optimistic endeavor on the part of the tillers of the soil.

"Three Times and Out," by Mrs. McClung, and the "Secret Press of Belgium," by Jean Massart, are two new books in the library at the post office. Don't miss them.

John Gilpin's famous ride wasn't in it with His Majesty's mail coach (Kinmundy to Chinook) on Monday last. Fergus was eating mashed murrhies and crushed spuds at 3 o'clock in the afternoon, instead of the usual 8 o'clock supper. Methinks that long gad with the nice little piece of wire at the end of it accounts for that. Gid-dup—Biff!!

A LOCAL U. F. A. FORMED

A meeting was held in the Chinook consolidated school on Saturday evening, April 12th.

Mr. Jas. P. Watson called the meeting to order, and explained the purpose for which it had been called.

Messrs. Marcy, Proudfoot, Pettigrew, and others expressed their views as to what action should be taken.

The following motion was moved by Mr. Short and seconded by Mr. McLean, that we organize a U. F. A. Local here at Chinook.

The following officers were elected:

J. P. Watson, president;
J. W. Yake, sec.-treas.
Messrs. Neil McLean, H. T. Lensegraf, N. F. Marcy, E. O. Hocart, M. E. Bird, H. Connah, and Jas. Young, directors.

Lensegraf-Pettigrew, resolved that this meeting express itself as in favor of inviting W. Irvine of Calgary to address a public meeting to be held in Chinook, the executive to make necessary arrangements.

It was decided to meet on the third Saturday in each month, the next meeting to be held on Saturday, May 17th, at 8.30 p.m. sharp, in the Chinook consolidated school.

Adjourned.

CHINOOK C.S.D.

The board of trustees of the Chinook C.S.D. met on April 19. All members present.

Lensegraf, that the name of Donald Gordon, owner of s half 30-29-6-4, be placed on the Soldiers' Home Tax Exemption Register for this year, and that the taxes on this land for 1918 be struck off the roll.

McIntosh, that the Secretary send to the secretary of each s.d. outside the consolidated area from which pupils attended the Chinook consolidated school during 1918, taking up studies in Grades 9, 10 or 11 a bill for 15c per day for each day in attendance of such pupils, as provided for in subsection of section 131, as amended in 1918.

Following bills were paid:
M. L. Chapman, rem ashes 26.00
F. E. Osborne, supplies 5.36
Lorne Proudfoot, express 56
R. D. Vanhook, draying 25.50
Banner Hardware 16.20
H. Meade 4.75

Adjourned.

Lorne Proudfoot, Sec.

CARD OF THANKS.

Mr. and Mrs. C. R. Brownell wish to thank their many friends for their kind help during their late misfortune caused by the explosion at the garage.

May-Day entertainment in the assembly hall of the school, on Friday evening, May 2nd. Program by children of the primary room and local talent.

The Kiddies Enjoy Cuticura Soap

This pure, fragrant emollient is just suited to the tender skins of infants and children. Millions of mothers know of no other since birth. The daily use of it, with touches of Ointment now and then to little skin and scalp troubles, tends to insure a healthy skin, a clean scalp and good hair through life. Soap, Ointment and Talcum sold everywhere.

Be sure to test the fascinating fragrance of Cuticura Talcum on your skin.

EDITORIAL

National Getting Together

No. 4.—How to Encourage It

Admitting, as all thoughtful students of Canadian affairs must, that it is not only important but absolutely necessary in the interests of a united and progressive Canada that the gap between East and West should be bridged, not the geographical gap alone, but that the difficult chasm which has developed in the economic and national viewpoints of the people of the East and the West—its becomes the paramount national duty of statesmen, newspapers, leaders of thought in all walks of life, and the people generally, to endeavor to bring about a rapprochement between the two sections of the country. Having in previous articles, attempted to present the two prevailing viewpoints, it is necessary to now endeavor to offer some suggestions looking to a solution of the problem.

It is of first importance that people both East and West should recognize the fact that neither has a monopoly of all wisdom, that all are Canadians and desire to advance Canada's interests and welfare, that the people of both sections are equally loyal to the Dominion and to its institutions and place in the British Empire, and that all aspirations cast by one section on the loyalty and patriotism of the other should come to a sudden stop.

As a necessary step to that end there must be a frank recognition of the fact that Canada is a country of diverse races and creeds; that these creeds are here to stay, and that it is humanly impossible, even were it desirable, to eradicate all nationalistic traits and characteristics. Consequently, the warfare which has gone on between English-speaking and French-speaking, and which has now developed into warfare between English-speaking and all who speak any other language, must cease. By this we do not mean that Canadians should not aim at having every citizen of this country become proficient in the English language as the common medium of communication of all, because, of course, in the interests of all this should be done, but it should not be done by coercive and harsh measures which only serve to antagonize and divide instead of creating sympathy and union. Even more necessary, perhaps, is it that the creed warfare between Roman Catholic and Protestant should cease. In no other democratic country in the world there such persistent wrangling and controversy over forms of religion as has disgraced Canada, and retarded its progress, for the past half century.

As a preliminary to a better understanding, it is essential that the people of all provinces shall be placed

on a plane of perfect equality, and that cannot be until the East agrees to the transfer of their natural resources to the Western provinces. Until that is done confederation is top-sided and still incomplete. There can be no real confederation except where all the confederated units stand in equality the one to the other. So long as any one is forced into a position of inferiority, there will be discontent and the elements of disunion.

In matters of fiscal and economic policy, a spirit of compromise must prevail where sectional interests come into conflict. Neither East nor West must seek, nor expect, to impose its views and will wholly and absolutely on the other. In other words, the manufacturing East should not insist on denying to the agrarian West a larger freedom of trade, wider markets, and the development of Western outlets in connection with the disposal of the products of the West. To do so is selfish, a dog in the manger policy, because such policies, while highly beneficial to the West, do not do injury to the manufacturing industries of the East. On the other hand, freedom given in the marketing of its own products, the West must not insist on policies which would place in jeopardy the continuance and prosperity of Eastern industry.

The development and prosperity of one section of the Dominion has a direct and beneficial effect on the other section. While both East and West might get along without the other, both will benefit more largely by the development and prosperity of the other. Therefore, each should do what lies in its power to encourage and assist the other, and both must deny themselves something for the benefit of the other; that is, there must be mutual sacrifice and co-operation for the common good of all.

These things can be brought about by better knowledge of one another. Eastern manufacturers and political leaders should visit the West more frequently, and not mere flying visits but for the purpose of actual and close study of conditions with a view to arriving at a real understanding of Western conditions, and problems. Eastern manufacturers should send some of their leaders to attend the annual Grain Growers' conventions in the West. Their official organ, "Industrial Canada," instead of always presenting the view of manufacturers to manufacturers, might well seriously and honestly endeavor to inform them of the Western viewpoint. Frank round table conferences between the Canadian Manufacturers' Association and the Canadian Council of Agriculture should take place periodically. Eastern men might well vary their reading by a study of such a book as "Deep Furrows," which tells the story of the rise of the Grain Growers' Association, its principles and the objects for which it is striving.

On the other hand, Western people must make a closer study of economics, world conditions, international relations and competition in trade, and must be on their guard not to adopt an extreme attitude towards their demands, and in their effort to secure the removal of what they regard as injustices to themselves, to insist on what would mean injustice to others.

Midlife age is that interesting period when if you are not having your teeth tested you are having your teeth fixed. — Ohio State Journal.

Minard's Liniment for Sale. Everywhere.

At least five libraries in the world contain over one million volumes, and these are the Bibliotheque Nationale in Paris, the British Museum in London, the Imperial Library at Petrograd, the Congressional Library at Washington, and the New York Public Library.

Atlantic Air Liners

London. — Vickers Limited are about to start a trans-Atlantic air service with airships which the company was building for the British navy, when the armistice was signed, and which are no longer needed, the Pall Mall Gazette says. The passenger rate will be £40 and mail will be carried at the rate of £405 a ton. The pioneer ship will have a gas capacity of 1,200,000 cubic feet and engines of 1,000 horse power. Larger ships are being designed to carry 200 passengers.

SPRING IMPURITIES CLOG THE BLOOD

A Tonic Medicine Is a Necessity At This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired. Dr. Williams' Pink Pills give new strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and skin diseases. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children—Here is a bit of proof: Miss Anna Patterson, R.F.D. No. 1, Thorold, Ont., says: "My trouble was one of general weakness, which thinned my blood and gave me at times unbecomingly pale skin, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved. I gained in weight, my blood is thoroughly purified, and my face cleared of some unsightly pimples which had troubled me. If one good turn deserves another I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medical dealers, or you can get them by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

May Cause Labor Shortage

Thousands of Aliens Sailing from U. S. Every Day

New York. — Enriched by war work, aliens are leaving this country at the rate of more than 1,000 a day, it is learned here from customs officers, who express fear that, with the possibility that congress may limit immigration for the next four years, the United States will face a serious labor shortage instead of a condition of unemployment.

Since the beginning of the armistice, it is said, Italians, Greeks, Spaniards and Portuguese have been pouring out of the United States through this port. Since November 76,221 passengers have been sent at the customs house and since December 33,000 aliens have sailed.

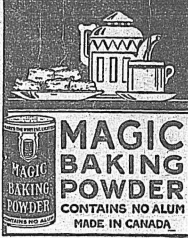

Ready-made Medicine. — You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed, while for cuts, sores, ulcers and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

Repairing Guns for Allies

Paris. — The Krupp works at Essen, the world's greatest plant for the manufacture of weapons of destruction, from which have issued more monstrous engines of war than from any other spot on the earth, now are silent and idle, paralyzed by the victory of the allies. In all the great workshops, spreading over miles the only furnaces that are burning, the only wheels that turn, are in one little corner where a few mechanics are at work upon some cannon—repairing them so that the allies will accept them with the others surrendered under the terms of the armistice.

We are told that the millennium is coming, but it isn't coming with a rush. Perhaps a messenger boy is bringing it.

W. N. U. 1260

Retail Merchants' Convention

Moose Jaw, Sask. — The annual provincial convention of the retail merchants will be held in Regina on May 13, 14 and 15. One attraction to the merchants at the convention will be a series of addresses by Frank Stockdale, an expert on matters affecting the conducting of retail business.

Children Love Cascarets—10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets, and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

Revoltors Score in Munich

Berlin. — The battle in Munich for the central railway station ended in the complete defeat of the government troops, according to Nuremberg advices.

MAMMA! DON'T YOU SEE YOUR CHILD'S SICK, CONSTIPATED

Look at tongue! Move poisons from liver and bowels at once.

Mother! Your child isn't naturally cross and peevish. See if tongue coated: this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, a gentle laxative is the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful in a bottle of "California Syrup of Figs" and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit-laxative," and it never fails to effect a good "inside" cleaning. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Mineral Found in Lake

Regina, Sask. — A lake near Biggar, Sask., and about 300 miles north-west of here, has been found to be saturated with sodium phosphate and the deposit under the lake and alongside the edge to be nearly 97 per cent. pure sulphate. The mineral is used extensively in the manufacture of sulphuric acid, in photography and other industrial purposes. The lake occupies an area of about 200 acres. The edge is muddy, but on boring down a solid bed of mirabilite crystals was found.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Saxony's War Minister Killed

Copenhagen. — Herr Neuring, war minister in the government of Saxony, was killed at Dresden by disgruntled soldiers, to whom the minister had refused a hearing. The war ministry was stormed by demonstrators who dragged out Herr Neuring and threw him into the Elbe, where he was shot and killed as he tried to swim to the bank.

Rumors of Serbian Revolution

London. — A despatch to the Exchange Telegraph company from Budapest says an unconfirmed rumor has been received there that a revolution has broken out in Serbia, and that the troops are fraternizing with the Hungarian Red Guards.

Germany Will Sign

Refusal of Peace Treaty Will Mean Starvation

New York. — German leaders may storm and threaten to refuse the peace treaty about to be offered to them, but when the time for signing comes they will sign this signature, Oswald Garrison Villard, editor of the Nation, predicted here, shortly after his return from a four months' visit to France and Germany.

Mr. Villard, who spent four weeks in Berlin and other cities of Germany, said that cabinet ministers, peace commissioners and others had told him that no treaty similar to the one proposed would be signed.

He discounted their statements, however, asserting that when they faced the alternative of signing or "Seeing ten or twenty millions of Germans starved," they would sign, just as they accepted the last extension of the armistice after threatening to refuse.

Co-Operative Horse Sales

Saskatchewan Department of Agriculture Arranging to Hold a Number of Sales

With a view to finding a profitable market for those farmers who have surplus horses, and at the same time to enable those in need of horses to get readily into touch with those who have horses for sale, the Co-operative Organization Branch of the Saskatchewan department of agriculture is arranging to hold a number of co-operative horse sales in different parts of the province. The sales are arranged in circuits so that prospective buyers may attend several sales in turn if necessary. The sales may take the form of auctions, the horses for sale being listed previously with the secretary of the local agricultural society at the point where the sale is held. The payment is required in cash, or such as the directors of the society may consider advisable, all settlements being made through the secretary of the society; or farmers may bring their animals into town on the date selected for the sale and deal privately with the buyers in attendance.

This system of selling horses has much to commend it and will probably be taken up generally in districts where more horses are produced than are needed locally. It enables buyers to inspect in a comparatively short time practically all the horses that are for sale in any district.

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot badly jammed lately. I balled it with MINARD'S LINIMENT, and it was as well as ever next day.

Yours very truly,
T. G. McMULLEN.

Australia's War Casualties

Totalled 307,000, According to Statement by Government

Melbourne. — Australia's total casualties during the war with figures brought up to February 28 for the current year, totalled 307,000, according to a statement made public by the government of commonwealth. The total forces of Australia, raised by voluntary enlistment, numbered 400,000 out of a total population of less than 5,000,000. The casualties are divided as follows:

Dead, 58,054; missing, 193; prisoners, 438; wounded, 166,660; sick, 82,409; unspecified, 209.

POSTUM

A ten days trial of POSTUM usually does wonders in determining "what's the matter."

"There's a Reason"

Trial of Ex-Kaiser Not For Belgium

Paris. — The Belgian delegation at the peace conference informed the correspondent that Belgium had not been officially requested by the council of four to bring the former German emperor to trial, and that the Belgian government would feel obliged to decline to take the steps even if there were any request for such action.

The Belgian delegates hold that any action should be taken by a commission representing all the associated powers. The official Belgian view, it was said, is that the former emperor cannot be arraigned for declaring war or violating the neutrality of Belgium, or for any act preceding or coincident with the declaration of war.

After pointing out that there is no tribunal competent to hear such charges against the former emperor and no provision of international law covering such cases, the delegates said that Belgium expects that persons guilty of acts punishable under the criminal code of the belligerent powers should be placed on trial, as theft, murder and other crimes committed during the war do not relieve the criminals of responsibility.

"If the commission desires to arraign General Baron von Manteuffel for the sacking of Louvain, General von Schroeder, for the murder of Captain Fryatt and General von Sauberg for the execution of Miss Edith Cavell, all the necessary documents will be forthcoming," said the general secretary of the delegation.

"But Belgium does not seek revenge. It wants only justice. It would be small satisfaction to lock the kaiser up for a few months in the Saint Gille prison and those who have reported that such revenge has been offered Belgium as a solace for her wrongs, have sadly misunderstood the Belgian character, if they thought it would be acceptable.

"The only case in which the personal responsibility of the former emperor for a criminal action committed in Belgium could be established beyond doubt, is in the atrocities attending the deportations of civilians and compelling them to do forced labor in Germany. In this case, his responsibility is unquestioned."

Where They Belong

Over Two Hundred German Submarines at Bottom of Sea

New York. — Rear Admiral Sims, who commanded the United States fleet during its war time activities in European waters, said that he believed there were "205 German submarines at the bottom of the sea."

In a speech at the Bond club, a Victory Loan organization, he said: "The fleet found many submarines stuck on the bottom with indications showing that many of the men caught inside either committed suicide or killed each other."

Quiet in Odessa

Athens. — There had been no disorders in Odessa since its evacuation by allied troops.

Holland Fears Bolshevism

German Border Strengthened to Prevent Smuggling of Munitions

The Hague. — The frontier guard along the German border has again had to be strengthened because of the efforts made by Bolsheviks to smuggle arms and munitions to Holland. Ten Germans were arrested and twenty who were trying to come into the country were turned back. Every traveller who enters Holland is searched in Amsterdam. There is much interest in Amsterdam due to the demobilized soldiers, who, without a recognized leader come together daily and parade through the principal streets. While the police are engaged in trying to disband them other disorderly crowds, raid shops elsewhere. Jewelry valued at hundreds of thousands of dollars have been looted. In almost every case the windows are first smashed and then when the storekeeper runs out to see what is happening he is caught and held by the mob while his shop is robbed. Others hastily put up their shutters when they see bands of men and boys approaching.

Anarchy in Munich

Robbers are Looting Houses and Threatening Banks

London. — Complete anarchy reigns in Munich, according to a Copenhagen dispatch to the Exchange Telegraph. All work has ceased. Trains are not running, and robbers are looting houses and threatening the banks, the dispatch states. The first infantry regiment is said to have joined the Spartacists.

Copenhagen. — German government troops have occupied the entire town of Magedburg, according to a Weimar dispatch to the Lokal Anzeiger of Berlin. It is reported there was hard fighting, with many casualties on both sides.

Threaten to Use Force

Czech Forces Concentrated at Ostrova in Silesia

Warsaw. — Advances from Cracow state that Czech forces have been concentrated at Ostrova and Dabrowa in Silesia, close to the line of demarcation between Czech and Polish armies in that region which was fixed by the allied mission sent there. It is said that the Czechs have announced that they will settle the frontier question by force of arms.

A Czech detachment is said to have entered Polish territory at Lutynia, where it clashed with a Polish force, several Polish being wounded.

Greek Canadian Trade

London. — Reuter's learns, in connection with Canadian trade developments in Europe, that a Greek commercial commission is leaving Athens at an early date for Canada to ascertain the extent to which Canadian industries supply Greek requirements and to arrange preliminaries for placing Greek orders in Canada.

Raw Materials For Germany

May Be Allowed Before Peace Treaty Becomes Effective

Paris. — The council of four of the peace conference went into session with the question of the Adriatic again before it for consideration.

Arthur J. Balfour, British secretary for foreign affairs, took the place at the council session of Premier Lloyd George, who has gone to London.

The supreme economic council is considering the question of permitting Germany to have certain raw materials before the peace treaty becomes effective with a revision of the blockade regulations to that extent, and it is understood the prospects are good for favorable action. The economic council members are also considering a plan for the conservation of Italy's coal supplies. Belgium has been asked to name a delegate to sit on the economic commission.

German Officers Will Demobilize

Berlin. — It is officially announced that German officers will be demobilized and will formally leave the army when the war ministry is able to lighten the economic difficulties incident to their transfer to civil life.

Trade Outlook Bright

Market Is Opening for Sale of Canadian Products

Ottawa. — A cablegram to the Canadian trade commission in Ottawa from the Canadian mission, London, states that there is a promising outlook for the sale of Canadian products, especially of foodstuffs in Scandinavia, Denmark and Holland.

Import regulations for these countries have been undergoing considerable revision. Guarantee as to destination of imports into those countries, it is understood, must be furnished by consignees, but on this point there is little difficulty, and the supplies are for home consumption.

Considerable quantities of foodstuffs have been consigned especially to Denmark within the last month, such as wheat, flour, oils and pork products. Permits will be granted freely.

No Russian Approaches

London. — In answer to a question from John R. Clynes, a labor leader, whether approaches for peace have come from the Russian government, the premier said: "We have had no approaches of any sort or kind. None has been put before the conference."

Turkey May Start Next World War

Wants Treaty Revised

Demands Annexation of Land in Rhine Province

Paris. — The council of four took up the request of Belgium for a revision of the treaty of 1839 and Belgium's demand for the annexation of Malmedy, in the Rhine province of Prussia, southwest of Aix-la-Chapelle, and Moresnet, a small section of No Man's Land, the disposition of which was left undecided at the Vienna conference. It lies between the Belgian province of Liege and the Prussian Rhine provinces.

Until the outbreak of the war, Moresnet enjoyed the unique position of being without either a government or national allegiance. Its residents served in no army, paid no taxes and had no such modern institutions as railroads, posts and telegraphs, depending on such accommodations as were provided by adjacent countries. The only government consists of a municipal administration.

London. — There will be another world war beginning in June, 1926, according to a writer in the British Journal of Astrology. This prophet, who signs himself "Separial," asks for a serious hearing, inasmuch as he claims to have published a year in advance, in each case, the exact date of the war of 1914 and of the cessation of hostilities.

"The first phase of the next war," he writes, "will begin with Turkey, whose perfidy will lead to its final overthrow in 1921-22. At this time Prussian intrigue will dominate the position in the near east, affecting Greece, Turkey and Russia. But, according to my calculations, the great crisis will not be reached until June, 1926."

"In this great war, which may be regarded as Prussia's counter to the war of 1914-18, the malevolent forces make their rise in Vienna and Berlin, ascend to Petrograd, penetrate through the whole of Russia and descend, via the Black sea and Turkey in Asia, on to Syria and Palestine."

Another allied victory is predicted by "Separial."

Say Huns Must Be Punished

Resolution Signed by 5,000,000 United States Women

Paris. — Premier Clemenceau received from Mrs. Charles H. Farnam, of New York, the representative of the committee for the protection of women under international law, a resolution signed by 5,000,000 United States women relating to crimes against women committed by the Germans and their allies during war. The resolution denounces the German attack on humanity through womenkind as "infamous and sinister."

Superabundant proof exists, the resolution says, of the crimes which the armies of the central powers perpetrated against women in all the countries they invaded.

Demand is made that all officers, soldiers, and civilians belonging to the armies of the central powers who perpetrated any crime against women or girls in any allied country, should be punished if possible. And that steps should be taken to prevent such outrages in the future.

Peace Treaty in Two Parts

Paris. — The peace treaty will be divided into two parts, according to the latest information in the French press. The first part will concern Germany and will include a clause by which she will pledge herself to comply with all agreements to be concluded with her former allies. The second part will not concern Germany directly and will be signed only by Austrian, Bulgarian and Turkish delegates.

Another German Strike

Bremen. — A general strike has been proclaimed here. It is effective in most of the large works and on the tramways. The gas and electric lighting systems, however, are operating.

Nova Scotia Man

Is Enthusiastic

For Dodd's Kidney Pills Have Made Him Well

A Year of Growing Kidney Trouble Brought Bright's Disease But He Found a Help in Dodd's Kidney Pills.

Belleville, Yarmouth Co., N. S. April 21st. (Special). — "You can tell everyone that I was Dodd's Kidney Pills that made me well." This is the joyful remark of Mr. Alcide Meuse, a well-known and highly-respected resident of this place. Mr. Meuse, who suffered for a year from kidney trouble, is enthusiastic in his praises of Dodd's Kidney Pills. "I think everybody ought to use them all the time," he says. Then he gives the reasons for his enthusiasm: "I first caught a cold," Mr. Meuse states, "and kidney trouble followed. My sleep was broken, my eyes were puffed and swollen and I had dark circles around them. I was often dizzy and always thirsty. My skin itched and burned at night. I was troubled with nervousness and my limbs were swollen. "I had cramps in my muscles, backache, and headache. Then Bright's Disease developed. A doctor attended me but the first real relief I got was from Dodd's Kidney Pills. I took eight boxes of them and they cured me."

All of Mr. Meuse's troubles came from sick kidneys. Dodd's Kidney Pills cured his kidneys and he felt well all over. That's why he's enthusiastic. Sick kidneys make pure blood and pure blood is the foundation of health.

W. N. U. 1260

LET'S WAKE UP!

Our town should wake up to the fact that some one else is occupying the seat that really belongs to us. This intruder represents out-of-town houses that take away business that should go to our own merchants. When will our town wake up? As long as we remain asleep the intruder will keep his place. Only when we decide on the policy of co-operation are we fully awake. We have seen the havoc and ruin of neglected home industries. Now is the time for co-operation.

"If you buy out of town and buy out of town and all of our neighbors buy out of town, what in thunder will become of our town?"

Coming to Canada

Rumanian Ship Has Sailed Under Recent Trade Agreement

London. — Reuter's learns that a Rumanian steamship has left Liverpool for Montreal to load goods supplied by Canada to Rumania under the recently signed agreement.

Mr. Lloyd Harris, chairman of the Canadian trade mission, has left for Paris, where he intends to investigate Belgian requirements with a view to ascertaining what Canada would be able to supply and thus help in the work of restoration.

Canada will be represented at a large exhibition of British manufactures which is to be held at Athens this autumn.

Relief Force for Russia

London. — News from North Russia is that the situation in the Archangel area has been considerably improved by reconnoissances against the Bolsheviks. The announcement that a relief force will shortly proceed to the front has had a marked effect on the spirits of the allied troops.

The most critical period, however, has not yet been reached, but it is believed that if the relief force is dispatched as soon as open water is available, the needed relief will be successfully accomplished.

Meanwhile recruiting for the relief force is proceeding throughout Great Britain.

Flu Holds Up Shipping

Melbourne. — The commonwealth government has decided to prohibit the movement of all shipping from Australian ports in consequence of the severity of the influenza epidemic in Australia and New Zealand.

Playing with loaded dice is shaky business.

NEGLECTED COLDS

Lead to Consumption

Unless a complete cure is effected the inflammation passes rapidly to the throat bronchial tubes, and then to the lungs.

You can't make new lungs any more than you can make new fingers or a new nose—hence consumption is practically incurable.

Colds and throat troubles can't last if the pure healing vapor of Catarrhazone is breathed—sneezing and coughing cease at once, because irritation is removed.

Use Catarrhazone to prevent—use it to cure your winter flu—it's pleasant, safe and guaranteed in every case.

Two months' treatment, large size, guaranteed to cure, price \$1; small size, 50c; sample size, 25c; sold everywhere.

Fearful of Unjust Peace

German Press Denounces Conditions of Treaty

Berlin. — Semi-official French announcement of the conditions to be laid down in the treaty of peace are denounced by the German press. Prince Lichnowsky, in an article in the Tagblatt, declares France "forgets that instead of leading to disarmament, an unjustly extorted peace will bring forth only fresh armaments, throwing into the shade all former armaments, because the mailed fist peace can be maintained only by the mailed fist."

Declaring that a peace of violence must be absolutely rejected, he concludes:

"Nobody can re-commence the war against us. Neither can we be starved out without the common enemy, communism and terrorism, throwing all mankind back into its primitive state."

"No German government can sign such terms," the Vorwarts declares. "The entente statesmen themselves settle with the inhabitants of the Saar valley who are thoroughly German, and they may find that the sums proposed as indemnities cannot be extracted, even if the last sheet is taken from our beds."

Some men are so self-confident that they are unable to distinguish between a cheer and a jeer.

HOT PANCAKES!
Yes, But -- What are pancakes worth without flavour, and there is no other syrup that tastes just as good as

CROWN BRAND
CORN SYRUP

For hot pancakes, hot biscuits and muffins and a dozen other treats that Kitchen aids, housewives with the widest experience use Crown Brand every time—the golden syrup with the cane flavor.

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Reconstruction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chain of Service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.
 2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free canteens, cigarettes, candies, etc.
 3. Red Triangle men on every troop train to provide regularly free drinks, eatables and cigarettes, organize games and sing songs, and furnish information.
 4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.
 5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.
 6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
 7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.
- In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y.M.C.A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the social spirit among the industrial workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

National Council, Young Men's Christian Associations of Canada

The Red Triangle Campaign is being conducted under the distinguished patronage of His Excellency, the Duke of Devonshire, K.G., G.C.M.G., G.C.V.O., P.C.

Hon. Campaign Chairman:
JOHN W. ROSS, Montreal

Campaign Chairman:
G. HERBERT WOOD, Toronto

MONEY TO LOAN

Osler, Hammond and Nanton, general agents for North of Scotland and other Mortgage Companies have \$30,000,000 invested in farm loans in the West, the returns from which they re-invest in the same way. They have lots of money now. Their Inspector, Mr. Stickney, who was in the district a few days ago, says "They have barrels of money, and that no good loan will be refused." Let them renew the loan you have on your homestead, and give you more on your pre-emption, give you money to prove it up if you wish. Or let them give you a new loan; as large, and probably larger, than you can get elsewhere. The district needs all the money we can get hold of in this way. Pay up your indebtedness to the bank, to the municipality, to the school, and to others. We can furnish the money. Loans for five years, repayable in three years, without extra charge. Interest at 8 per cent.—nothing but the interest to pay each year.
LORNE PROUDFOOT, Agent, Chinook

H. H. GEORGE, Coltholme

Quebec Province Votes for Licenses

Voters in Favor of Sale of Light Wines

Montreal. — By a majority of probably 100,000 votes, the province of Quebec pronounced itself in favor of light wines and beer on the referendum voted on. At least fifty per cent. of the voters want to the polls out of the 400,000 registered.

The Island of Montreal contributed a majority of 61,799 and returns from Sherbrooke, Three Rivers, Quebec City and Hull also showed substantial majorities. The surprise came from the agricultural districts which have been "dry" several years past. Counties like L'Assomption, with 1,129 for and 64 against, and Soulanges, with 1,105 for to 94 against are typical.

The figures of 1,000 polls in the Quebec district show that 6,695 votes were cast for beer and light wines and 6,407 for prohibition, while the general proportion was little better than for the "dry" division.

Some of the figures for cities are as follows:

City	For	Against
Montreal	63,654	6,507
Sherbrooke	2,256	1,576
Three Rivers	2,197	343
St. Johns	1,340	351
Westmount	3,541	2,133

Quebec City, majority about 7,000. Hull, majority about 1,145.

There are some polls missing in the case of Westmount.

The referendum was decided on by the provincial legislature to settle the future of the liquor question. In 1918, the legislature passed a total prohibition measure to come into effect on May 1, 1919, for the duration of the war. The war ended before the act could be applied, the government promised on the demands made from the liquor faction, who demanded a continuance of complete "wet" privileges and those calling for the enforcement of the act by submitting the question of the sale of beer and wine alone to the voters.

Both liquor and temperance factions in the province waged an energetic campaign, the former securing powerful support from a number of the most prominent men in Montreal. The Protestant ministers were unanimously in favor of complete prohibition, but the Roman Catholic priests did not support the "dry" proposals as a body. The strongest temperance organization in the province, the Anti-Alcoholic League, was split. A number of speakers in favor of wine and beer, introduced the race and religion cry into their campaign addresses adding that the English-speaking Orangemen and Methodists of Ontario were anxious to see prohibition introduced as a blow to the French-speaking Roman Catholics, who needed wine for the sacrament.

For Early Vegetables

Hot Beds and Cold Frames of Great Value for Early Crops

By the use of hotbeds and cold frames plants can be grown through their earlier stages out of doors even before the growing season has arrived. By the use of these, garden crops can be secured much earlier in the season than if seedling is delayed until the soil is warmed up in the open garden. Such vegetables as eggplants, eggplants, etc., can be so hastened in the spring as to ensure their maturing before the first frost arrives in many parts of Canada where these crops are not usually grown. Such crops as radish, lettuce, spinach, and other vegetables can be made to reach a marketable size relatively early in the summer.

While hotbeds, as the term signifies, are heated with fermenting manure, the cold frame depends upon the sun shining through the glass sash to warm up the soil and start growth. The cold frame, for that reason, is more easily adopted, although it cannot be used to so great an advantage.

This information is taken from Pamphlet No. 19 of the Dominion experimental farms, written by Mr. W. T. Macoun, Dominion Horticulturist, and available at the publications branch, department of agriculture, Ottawa. The method of constructing hotbeds and cold frames, as well as the system of using them, are fully described in this publication.

King Claims Title

Paris. — The Arabian king of Hadjaj, who aided the allied campaign against the forces in Palestine, has just issued in Mecca a manifesto claiming for himself the title of "commander of the faithful" which has been among the titles of the Sultan of Turkey.

The king says that a great many of his subjects already have given him that title.

Premier Borden Unveiled Memorial

For Canadians Who Died at Trowbridge Hospital

London. — Premier Borden unveiled at Trowbridge a memorial to those who died at the Canadian Red Cross hospital there. The memorial takes the form of a female figure typifying victory, and stands in the beautiful little cemetery on the estate adjoining the hospital cemetery, being in the form of an Italian garden.

The most striking speech was made by Mrs. Astor, who owns the estate. "What a privilege," she said, "it has been for us to have the Canadians at Cliveden. I do not call this a cemetery. You will see we have tried to get away from the idea of death about this place. I feel it is only who we are dead if we fall them in forgetting how they laid down their lives for right. You see the figure of the memorial faces west. We want to feel those who have been laid here are merely a little way ahead of us."

Attached Himself To Hun Force

General Ironsides Studied German Methods in Africa

London. — According to newspapers, General Ironsides, now commander in northern Russia, passed as a Boer during the German Herero campaign, and was in charge of native convoys which were attached to the German forces. His object was to study German methods of fighting in Africa. He was never suspected, as he speaks Dutch fluently.

When General Ironsides was leaving at the end of the campaign, he had a dispute concerning certain payments due him. After one Prussian officer had blustered loudly, another struck General Ironsides across the face with his whip. The general controlled himself with a supreme effort, because he had complete maps and voluminous notes about the whole campaign stitched inside his tunic.

Erzberger Attacked

For Agreement Concerning Transportation of Polish Troops

Zurich. — Many German newspapers are attacking Matthias Erzberger and the German government for the agreement reached with Marshal Foch at Spa last week concerning the transportation of Polish troops from France to Poland. Some call the agreement "a new and deplorable concession" by Germany to the allies. The Vossische Zeitung, of Berlin, says: "Will Erzberger, who so easily consented to the allied demands at Spa, honestly tell us how he changed his mind after the question of the transportation of Polish troops?"

Will Have Access to Sea

Equality of Treatment Given New Nations in Europe

Paris. — A report on regulations and restrictions to be imposed upon communications in enemy states in order that newly created nations in central Europe may have access to the sea has been completed for the peace conference by the commission on the regulations of ports, waterways and railroads. Freedom of transportation through Germany and Austria and equality of treatment in ports and harbors has been provided for. It has been the international regulation of traffic over the Rhine and Danube rivers.

Bolsheviks Try to Get Crimea

London. — The Bolshevik armies which captured Odessa are now trying to penetrate the Crimea. They have already come into contact with the Franco-Greek troops, who, according to Bolshevik reports, were driven back. The Bolsheviks captured Perekop, one hundred miles north of Sebastopol. It is officially announced from Omsk that two Bolshevik regiments were completely defeated at Sarapul, 900 men being killed.

May Join Russian Expedition

London. — Included in the imperial squadron, which is proceeding to Russia are Captain Harold Edwards, son of William Edwards, of New Aberdeen, N.S., and Lieut. Herbert Broughall, son of S. R. Broughall, formerly manager of the Sterling Bank, Toronto. Both these officers were prisoners during the war.

It is understood that Col. Colishaw has abandoned the idea of flying to Russia. He is considering taking service in the Russian expedition.

When a man begins to discuss matrimony with a widow the result is usually a tie.

If you would know your faults, quarrel with a friend; if your virtues, make up with an enemy.

Want Speculation Eliminated

Grain Growers' Support Idea of Appealing to Government

Winnipeg. — A bill providing for the elimination of speculation in grain and other food products on the exchange will be introduced at the present session of the federal parliament in accordance with instructions issued by the Manitoba Grain Growers' association to its parliamentary representative, R. C. Henders, M.P., for Macdonald.

W. R. Wood, secretary of the association, announced that a resolution providing that such a bill shall be drawn and presented by Mr. Henders was passed by the Grain Growers at a Macdonald district meeting at Carman.

Following is the text of the resolution:

"Whereas there is on the grain exchange of Winnipeg, a certain element who are able in a very large measure to control the whole grain trade of this western country, depressing prices to the producer when they see fit and boosting prices after they have gained control of the grain crop, thereby inflicting an injustice on both producer and consumer by taking an undue profit from each; "Therefore, be it resolved, that we, the members of the Grain Growers' association in convention assembled this eighth day of April, 1919, ask our representative at Ottawa, R. C. Henders, to immediately frame and bring before the federal parliament, a bill to eliminate speculation in grain and all food products from the grain trade of Canada, so that the grain trade may be carried on in a legitimate manner."

A bill dealing with the questions of speculation in grain was presented to the Manitoba provincial legislature at the last session. It was defeated, however, as a similar bill was defeated last year, because it was held that the matter was one of federal action, rather than provincial.

Situation in Egypt Is Improving

General Allenby Says Disturbances are Subsiding

Cairo. — A communique states that General Allenby has expressed his satisfaction to see that the disturbances, outrages and destruction to property have largely subsided and reiterates his promise to engage impartially into all grievances. He urges all responsible and patriotic Egyptians to take steps necessary to restore tranquility and contentment.

In a proclamation dated April 1, General Allenby states that it has been impossible to pass the budget. It is estimated that the budget receipts and expenditures for 1919-20 will be fixed at 28,850,000 pounds (Egyptian) each.

He admits that he is authorized by the government to act as though the budget had been passed.

Citizens Oppose New Republic

Wurtzburg Is in Hands of Government Troops

Copenhagen. — Dispatches from the Kaiser report that the citizens and officials of Wurtzburg, thirty miles to the northwest, have struck against the Bavarian Soviet republic, and that the town is now in the hands of government troops. Heavy fighting against Spartacist forces occurred when government troops entered the town and captured the railway station, the main fortress of Marienberg, across the Main river from Wurtzburg, was handed over without opposition.

Most of the Spartacist leaders are reported to have been arrested, but railway communication with the city has been interrupted.

Indemnity for Belgium

Brussels. — Six thousand Belgian civilians died during the war as the result of German ill-treatment, according to an official report made in the chamber of deputies during a debate. Seven thousand children were made orphans and 125,000 men were deported from Belgium by the Germans.

The indemnity which can be claimed from Germany by Belgium on this account is estimated at 9,000,000,000 francs (\$1,800,000,000). The minister of economy has declared that it will be possible for the Canadian contingent to take part in the proposed march of the overseas troops through London without delaying the troops awaiting demobilization. Accordingly Sir Edward Kemp, overseas minister, has consented and details will be given later.

The march will take place a month hence.

The corner of Second avenue and Twenty-second street, Saskatoon, has been purchased by the Imperial Bank of Canada for the sum of \$40,000. The lot was bought in 1905 for \$15,000.

Allies Responsible For Expedition

Undertaken With Deliberation By Supreme War Council

London. — In connection with the situation of the allied forces in north Russia, it is emphasized that responsibility for the north Russian expedition is an allied one, undertaken with all due deliberation by the supreme war council. Britain was entrusted with the co-ordination of the allied measures and the supreme command chiefly because the whole operation was amphibious and the whole transport arrangements fell to her, the heavy responsibility entailing a tremendous effort when the resources of Great Britain were strained to the utmost in the major war theatres. Fully realizing its importance, Great Britain, from the outset, threw herself energetically into the task.

Should Benefit By Experience

Vice Admiral Says Navy Must Prepare for Future

Liverpool. — England's navy must be prepared for the future, said Vice-Admiral Sir David Beatty, speaking here on the services of the navy during the great war.

"The navy learned many lessons during the four and a half years just passed," he said. "We made many mistakes, and it is our business today to see that these lessons are taken to heart and that we shall not again be found in such a state that we have to face the greatest crisis with impoverished methods, working hand to mouth."

Not To Abandon Sale War Savings Movement to Continue During Year

Ottawa. — The report that the sale of war savings and thrift stamps is about to be abandoned by the Dominion government is denied in the following statement issued by the minister of finance:

"The war savings movement is gaining momentum, the sales increasing with each month. It is, however, an experiment and if, after a fair trial, it is found that the movement on the present lines is out of proportion to the success attained, the question of discontinuing active propaganda will then have consideration. "On the other hand, war savings and thrift stamps will be on sale for public purchase during the entire current year and as large a measure of volunteer support as possible will be welcomed."

Electric Safety Lamp

Makes It Easier for Miner to Use Both Hands

Halifax, N.S. — The use of an electric safety lamp has been introduced in the collieries of the Nova Scotia Steel & Coal Company in Cape Breton, and the first step taken toward the utilization of electricity for general lighting purposes in the coal mines of the province. Workers in Scotia's Jubilee colliery, at Sydney Mines, were the first to be supplied with the electric apparatus, which consists of an illuminating bulb attached to the headgear and a steel-cased storage battery that can be connected with the waistbelt or placed in the miner's lip pocket. The electric lamp makes it easier for the miner to use both hands and it also lessens the danger of mishap, since less care in handling is required than is necessary where the ordinary safety lamp is used.

Enemy Can Pay Billions

London. — In the house of commons Claude Lowther, confirmed the statement that a commission, comprising Premier Hughes of Australia, Arthur Henderson the labor leader, and Right Hon. Walter Hume Long, had been appointed by the late government to enquire into the enemy's capacity to pay indemnities and had reported that the enemy could, if given time, pay £200,000,000 sterling.

In this connection, Andrew Bonar Law said he could add nothing to his reply given in the house on March 17 last.

Canadians Will Take Part

London. — The Canadian authorities here have decided that it will be possible for the Canadian contingent to take part in the proposed march of the overseas troops through London without delaying the troops awaiting demobilization. Accordingly Sir Edward Kemp, overseas minister, has consented and details will be given later.

The march will take place a month hence.

Hauls Down Flag

Newspapers Pay Tribute to Beatty As First Class Fighter

London. — On the dispersal of the grand fleet, Vice-Admiral David Beatty hauled down his flag as commander-in-chief.

All the newspapers published articles on the historic occasion dwelling on the fact that its purpose was achieved with the complete destruction of the enemy's naval power. They pay tribute to Lord Jellicoe as the organizer and leader, and Vice-Admiral Beatty as a first class fighter who crowned Lord Jellicoe's work.

There is some speculation whether Sir David Beatty, now unemployed, will be offered the post of first sea lord, the importance of which position it is now pointed out has never been greater in view of the possible effect of the league of nations upon Britain's naval policy.

It is also urged that a properly organized naval general staff must never again be allowed to lapse.

Looking for Relief

U.S. Troops Want to Leave Archangel

Archangel. — In view of the situation which has developed among the United States troops in Archangel, official circles are impressed with the necessity of promptly relieving the United States soldiers who are now in north Russia. The soldiers have interpreted the Washington statement that they would be relieved at the earliest moment possible as meaning not later than June 1, which is the time they believe navigation at Archangel will probably be open.

A company of United States troops recently showed some hesitation in returning to the fighting fronts south of Archangel, declaring that the war with Germany was over, and that the United States was not at war with the Bolsheviks. The regimental commander in a speech said they were fighting a desperate defensive battle, and appealed to them to stick it out. The company then left for the front.

This incident was only the outcome of what seems to be the general feeling among the United States troops, officers as well as men. Because of this feeling it is admitted more or less generally that the troops now here probably will be of little use after June 1.

Small Nations Dissatisfied

Are Being Kept in Dark By Big Four Secrecy

Paris. — The plenary session of the peace conference for the consideration of the labor report, is awaited with much interest, because of the dissatisfaction existing among the smaller nations. Indications are that the big four are in negotiations concerning the secrecy with which the big four is surrounding itself and rumors that negotiations may open with the Germans, without fully advising all the peace delegates of the terms of the treaty. Without exception the smaller nations are said to be displeased at being kept in the dark.

The labor report is to be presented for open discussion, and consequently there will be opportunity for general debate, unless steps are taken to prevent it.

The council of four is strongly opposed to official publication of the peace treaty before its submission to the Germans. It maintains that it is allowing positive decisions to be announced and that consequently the public will be advised on all the main points before the treaty is signed. This piecemeal and incomplete publication is unsatisfactory to many of the delegates, who are urging that the people of the allied countries should have the text of the peace treaty from their officials before the Germans announce it with their interpretations.

Ireland's Color

Princess Patricia's choice of blue as the color for her travelling cloak and gown, "the color of St. Patrick," has been criticised in some quarters. Green, it is suggested, should be the color of Ireland and to be specially remembered by the princess. As a matter of fact, blue is the heraldic color of Ireland, and was the national color of all Irishmen, who sought to make Ireland independent, until the revolt of 1898. At that time the Nationalists of the south and the Orangemen of the north joined the United Irishmen in opposition to British rule, and adopted green as their color, because that color is produced by mixing orange with blue.

Religious Sects in London Exempted

Winnipeg. — "Private addresses reaching Winnipeg from Ottawa," says the Telegram, "declare that the government has decided to rescind the order in council which granted exemption from military services and the free exercise of religious beliefs to non-combatant sects."

Wireless Phone, Ireland to Canada

Experimental Tests Were a Complete Success

"Hello, Glace Bay," "Yes, Glace Bay, talking," "This is Clifden, Ireland." The human voice had traversed the Atlantic.

Seated in the wireless hut at Clifden, a Marconi engineer sat calmly back, satisfied in the realization of trans-Atlantic wireless telephony. And there were "no sentimental speeches when Godfrey Isaacs, manager-director of Marconi, made the simple announcement at a dinner of the American chamber of commerce in London.

"We made experimental tests of wireless telephony between Ireland and Nova Scotia. They were a complete success. I look forward to the time in the near future when you gentlemen can talk to your home offices as easily as with any London address."

"After the first messages had been exchanged, conditions were so perfect that our engineers continued their conversation all day."

The Land of Their Birth

Of the 1,014 "Original Pats," 723 Were Englishmen, 118 Canadians, 75 Irish and 48 Scotch

The composition of the "original Pats" has been the subject of considerable debate at various times since the outbreak of the war, and an analysis of the regimental roll provides an interesting recapitulation of the personnel of the regiment by countries of birth. This shows that 723 of the 1,014 men on strength first saw the light of day in England, 118 in Canada, 75 in Ireland, and 48 in Scotland. There were natives of Wales, 8 of India, 7 of South Africa, and a like number of the United States, and 6 of Australia. Two were born in France, two in Jersey, and one in each of the following places: Barbados; Malta; Guernsey, Italy; Denmark, Russia, Egypt, British Guiana.

Huns Demand More Food

They Say Cannot Continue Payment in Gold

Paris. — At a conference of the German and allied financial experts at Pont Saint Marie, the Germans demanded fresh consignments of food, and announced that it would be impossible to continue payments in gold, says a Havas dispatch.

In order to increase their gold reserves, they proposed to issue large loans in neutral countries, explaining that Germany's lack of freedom for commerce prevents the defraying of the cost of food.

Recognized Spy In Joe Uniform

Wife of German Ambassador Saw Bode in Berlin

New York. — Because Mrs. James W. Gerard, wife of the former ambassador to Germany, has an excellent memory for faces, Henry Bode, the only United States soldier convicted of serving Germany as a spy, is now serving a ten year sentence in the disciplinary barracks at Governor's Island.

Before according to his confession, after Mrs. Gerard had identified him as a man, in German uniform, who had appeared one day at the American embassy in Berlin wearing the iron cross, deserted from the United States army at Fort Bliss, Texas, in July, 1914, and made his way to Germany, where he entered the German army.

Lenine Sees End of Entente

Paris. — An intercepted wireless dispatch picked up by the French wireless, sent by the Russian Bolshevik foreign minister to Bela Kun, the Hungarian communist leader, predicts the speedy dissolution of the entente.

The dispatch says the French and British wireless dispatches picked up announced that allied troops will soon enter Hungary, but that the United States wireless is showing a more moderate policy toward the Bolsheviks.

Armenians Ask Allied Help

Paris. — The Armenian delegation to the peace conference has received a telegram from Trans-Caucasia, saying the Armenian population there is threatened seriously by Atsullah and Tartar forces who have disarmed the Armenians and proclaimed a new government in Azerbaijan. The telegram asks the delegation to implore the allies to take measures to avoid revolution and bloodshed in Trans-Caucasia.

An Australian inventor has patented a method for producing rain by raising large X-ray bulbs by balloons into higher strata of air that are filled with moisture.

A Constipation Cure

Sold on Guarantee

Dr. Hamilton Says His Remedy Never Fails to Cure Quickly

Mine is a marvellous remedy. There are others, but not one possesses the peculiar merit so prominent in mine. With my remedy I guarantee to cure constipation.

I also guarantee to prevent it. My preparation, which is in pill form gives tone and regularity to the bowels that quickly rid the system of effete matter, and obviates all of life and other injurious results of costiveness.

I call my pills, Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Butternut, Hyoscyamus and Dandelion. My pills are not harsh or drastic. They cause no pain, no distress; they are prescribed by physicians because of their mildness and certainty to cure.

For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.

I have proved their merit in biliousness, constipation and headache, and can strongly recommend them in these troubles.

My personal guarantee stands behind every box of Dr. Hamilton's Pills; and this means much to you in selecting your remedy.

Every dealer sells Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box.

Carmen's Messenger

— BY — HAROLD BINDLOSS

WARD, LOCK & CO., LIMITED
London, Melbourne, and Toronto

(Continued)

"Well," he remarked: "you have had a strange career. Leading a gang of swindlers must have changed from helping a philanthropist."

Daily smiled rather grimly. "For a long time I served a strange man. Philanthropy loses its charm when it becomes a business and results are demanded from all the money given. Then my pay was arranged on the basis that to be engaged in such an occupation was reward enough, and something must be allowed for the natural reaction. As a matter of fact, I'm not surprised that Featherstone robbed my employer. He deserved it, but I think you are right that he."

Foster nodded and was silent. Perhaps it was because the excitement of the chase was over, but he felt dull and tired. He felt as though with Daly; the fellow was a rogue, but he had luck and charm. In a sense, it was unnatural that they should be talking quietly and almost confidentially, but he did not feel the anger he had expected and his antagonism was calm. Still, he was none the less dangerous and would use any advantage that he could gain.

"Now you had better let me exactly what you want," Daly resumed. "I want you to leave my partner alone."

"Would you be satisfied with my promise?"

"No," said Foster: "not without some guarantee."

"Then we must make a bargain. I'm able, if I think it worth while, to give you what you ask. None of my confederates know anything about Featherstone's history; this ought to be obvious if you think of the Valtieri meant to kill him. Very well; I can so speak, bury an unfortunate error of his so that it will never trouble him again. That's much. What have you to offer?"

Foster was now confronted with the difficulty he dreaded most, but he tried to be firm.

"I don't know that I need make an offer. I think I'm able to dictate terms."

"Are you?" Daly asked with an ironical smile.

"Well, suppose you had me arrested. My defence would be to discredit your partner's evidence. My lawyer would prove that Featherstone was my enemy and had a motive for revenge, by admitting that I had demanded money from him and would fill the court on what grounds. You must see the danger in which you'd put your friend."

Foster saw it; indeed, he had seen it since he began the chase. He must silence Daly, yet claim the Valtieri criminal and he could not bring himself to promise him immunity from the punishment he deserved. Yet nothing less would satisfy the man. It looked as if he must deny his duty as a citizen if he meant to save his friend. This was the problem, and there was apparently no solution. Daly, who understood it, watched him with dry eyes and a cold smile.

"Well," resumed the latter, "I'll make a proposition. To begin with we'll exchange documents; the

checks against the papers that compromise Featherstone.

"Which you haven't brought!"

"Just so," said Daly. "If we both engage to make no use of the documents we hold, they can be exchanged at some convenient time."

"That means I must put the police off your track and meet you again." "Exactly. You have no choice. Besides, Featherstone must promise to keep back anything he knows and you to say nothing about your meeting with Graham."

"I can't agree," Foster replied. "Then I'm afraid your partner must take the consequences."

Foster pondered. Daly, who looked determined, knew his friendship for the latter and meant to trade on it, but Foster must try to persuade him that he counted too much on this. The fellow played a clever game, but it was nearly finished and Foster thought he still held a trump.

"We had better ascertain to whom the consequences would be worse," he said. "Featherstone risks a stained name, his relations' distress, and the loss of friends. We'll admit it, but these things can be lived down. Your risk being tried for murder and certainly for a serious robbery. There's evidence enough to convict you of a share in the latter."

"That is so," Daly agreed with unbroken calm. "I'm surprised you don't see that it strengthens my demand. It's obvious that you must help me to avoid the trial, or leave me to defend myself by doing much damage as possible. There's no other way."

Foster thought there was, so to speak, a middle way between the two, but it was hateful to indicate, and while he hesitated the car lurched, the door swung open and Daly's face got suddenly hard. A passenger from another part of the train had entered the car and was looking into the smoking compartment. It was the man Foster had seen at the hotel. Next moment Daly was on his feet and springing across the narrow floor toward Foster with a pistol in his hand.

"Fasten your!" he said hoarsely. "You fixed this. I thought you were straight!"

Foster understood the situation. The man in the next seat, Helton's detective or a police official who had known that Daly was on the train, and feeling sure of him, had resolved to watch them both. He had probably a companion, and Daly knew the game was up. The latter's voice had warned Foster that he was desperate. Escape was impossible; he meant to fight, and suspecting Foster of treachery, would shoot him first. This was the last few years, however, smaller flocks on fenced farms have begun to make their appearance. The growth of the industry in this manner has no doubt been assisted by the encouragement of the government in bringing about a practical system of grading the wool. The enormous profits which farmers are making with sheep has also been an incentive to this industry.

The following experience as related by a Saskatchewan farmer is by no means uncommon: In June, 1917, he purchased forty-one ewes at \$15.00 each and forty-eight lambs at \$20.00 each, total initial cost being \$900, including freight charges and expenses.

Last year he sold wool to the value of \$350, and lambs to the value of \$574, which gives an income to the flock up to the end of December, 1918, of \$924. He has 78 ewes left which he considers are easily worth \$20 each, or \$1,560, so that his original investment of \$950 has produced \$2,484.

The sheep industry in Western Canada is growing apace. Farmers have a few obstacles to overcome in starting the business, such as fencing their farms suitably, but such work as this can be looked upon as a permanent improvement and the advantages are worth the initial expense. The results obtained are good dividends on the original investment. It is estimated that this year Western Canada's wool production will be more than four and a half million pounds.

Pete leaned against the back of the car, breathing hard and holding a piece of torn cloth to his forehead.

"He's got a second overhang," he gasped. "He just stepped back and left this in my hand."

Foster, crossing the platform shakily, grasped the rail and looked down. There were rocks and small trees immediately beneath him, but farther back a level valley indicated a frozen river covered by thin snow. In the middle of this was a dark island of water where the stream had kept an open channel through the ice. The bridge was one of the long, wooden bridges, hung across rivers and narrow valleys, that are now being replaced by embankments and iron structures. Since the frame, as usual, was rotten and sagged, enough to carry the metals, there was nothing to save anybody who fell off the cars from a plunge to the bottom. Foster thought Daly knew this when he stepped off the platform. Looking back along the curve of the bridge, he imagined that the thing had happened when they were crossing the unbroken part of the stream. He shivered, and then glanced round as a man who had followed Pete closely took the object the latter held.

"His necktie," he remarked. "If it had been stronger we'd have had him in handcuffs now."

"Well," said Pete dryly, "it's no certain I wouldn't have gone over the top with him."

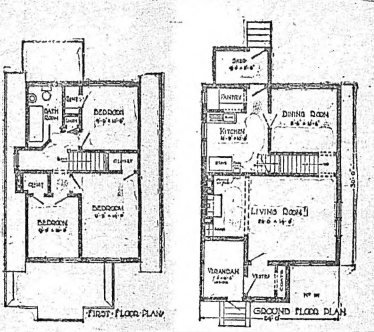

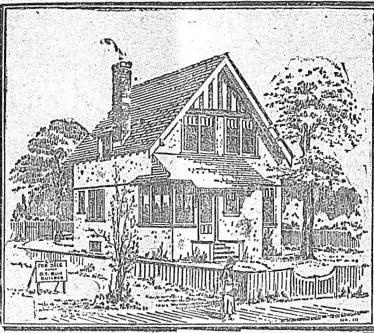

There was a hoarseness in their voices that hinted at strain, but the man, who told Foster not to leave the car, lifted away, as soon afterwards the train slowed to a stop. Then he came back with another man, and telling Foster and Pete to follow him, got down upon the line. Chained passengers were alighting and asking questions, but the leader did not obey when several followed the other. They had to walk some distance and when they reached the end of the trestle it was difficult to get down the rocky

(To Be Continued)

Will Erect Bridges

Regina, Sask. — The provincial department of highways has announced that part of its construction program for the year will be to erect five steel bridges near Canora, Maple Creek, Rouleau and Vanguard.

No man with a knowledge of law ever mistakes the will for the deed.

Farm Architecture and Building
AN ATTRACTIVE HOME

Big Profits With Sheep

Sheep Industry in Western Canada Is Growing Apace

The first sheep in Western Canada were large flocks on the range. During the last few years, however, smaller flocks on fenced farms have begun to make their appearance. The growth of the industry in this manner has no doubt been assisted by the encouragement of the government in bringing about a practical system of grading the wool. The enormous profits which farmers are making with sheep has also been an incentive to this industry.

The following experience as related by a Saskatchewan farmer is by no means uncommon: In June, 1917, he purchased forty-one ewes at \$15.00 each and forty-eight lambs at \$20.00 each, total initial cost being \$900, including freight charges and expenses.

Last year he sold wool to the value of \$350, and lambs to the value of \$574, which gives an income to the flock up to the end of December, 1918, of \$924. He has 78 ewes left which he considers are easily worth \$20 each, or \$1,560, so that his original investment of \$950 has produced \$2,484.

The sheep industry in Western Canada is growing apace. Farmers have a few obstacles to overcome in starting the business, such as fencing their farms suitably, but such work as this can be looked upon as a permanent improvement and the advantages are worth the initial expense. The results obtained are good dividends on the original investment. It is estimated that this year Western Canada's wool production will be more than four and a half million pounds.

SAT UP IN BED TO GET HER BREATH

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restlessness, etc., all point to the fact that either the heart or nerves or both are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, over-strained nerves.

Mrs. William Steeves, Chemical Road, N.B., writes: "I have been a great sufferer from nerve troubles and palpitation of the heart, which was so bad I had to sit straight up in bed to get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother insisted on my trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in three boxes, and now I am in perfect health and can enjoy a good sound sleep, and can lie on my left side without any trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BUILDING NOTES

Appearances at Edmonton indicate that there is going to be greater activity in the building trade there this year.

Several parcels of land in the Cartwright district have changed hands recently, among the number being the property of W. H. Barry, a returned soldier from Winnipeg. This deal was put through as a going concern, a number of horses, cattle and an outfit of implements going with the farm.

Permits issued for buildings in Calgary during the month of March tallied the sum of \$195,400. This figure indicates the amount of work that is going on, and may at the same time be taken as an indication of the amount of construction that the spring months will see opening up.

One of the city officials said the prospects were exceedingly bright, and he expected to see a big year in the city. The permits so far are away in excess of any for several years past, and the big amounts are yet to come. The Alberta Flour Mills are commencing work on buildings that will cost one million dollars before completed; the exhibition, board is going ahead with its \$115,000 work; the Lancaster building is being finished at a cost of \$50,000, and work on the Georgian warehouse is about to start, entailing an expenditure of \$30,000. Extensions of waterworks costing \$200,000; the Louise bridge and the sewerage disposal plant are civic undertakings, while work is under contemplation by the Dominion government.

After many years of work a railroad tunnel under the Pyrenées, between Eastern Spain and France, nearly twenty miles long, has been completed.

Forests Bring Large Revenue
Vancouver, B.C. — The value of the products of the provincial forests for 1918 aggregated \$54,162,523; in 1917, \$48,300,469; in 1916, \$35,528,000; in 1915, \$29,150,000.

After many years of work a railroad tunnel under the Pyrenées, between Eastern Spain and France, nearly twenty miles long, has been completed.

Show Your Patriotism By Building Now

Rents continue to advance. Many tenants are asked to pay all the way from 10 per cent. to 100 per cent. increase, and cannot get a lease for an extended time, at the advanced rates. This the landlord considers one more injustice added to the many items that make up his budget of high cost of living.

The landlord, that very necessary and much abused person, now finds through the law of supply and demand, that he can advance rents, and he is not slow to take advantage of conditions that now prevail, and are growing more acute each day.

The owners of rental property since 1914 have leased at rentals, in many instances, that would not pay the carrying charges. Many buildings have been all or partly vacant with the result that taxes and interest have gone unpaid and Mr. Landlord, in many instances, must raise rents or his properties will be sold for taxes or foreclosed under the mortgage. Pre-war rentals will not satisfy the property owners. They are entitled, by the law of supply and demand, to a rental of about 30 per cent. advance over rentals that prevailed in 1912-13. There will be a great many renters that will move this spring, and when the shifting is over many will be left

MARTIN-SENOUR
100% Pure Paint

Wears longest, covers the greatest surface (900 sq. ft. per gal.) and because of its even texture, takes least time and is easiest to apply. It is absolutely guaranteed—100 per cent. White Lead, Zinc Oxide and highest quality Linseed Oil. It is admittedly the most economical paint on the market. Take no chances. Make your investments secure by applying on your buildings, inside and out, protecting coats of Martin-Senour "100 per cent. Pure" Paint.

Ask for "Farmers Color Set" and "Town and Country Homes." Just what you'll need in planning your painting.

THE MARTIN-SENOUR CO., Limited
Winnipeg or Vancouver

Shorthorns On the Range

Western Stock Industry Needs Bigger Cattle to Insure More Beef

Mr. A. E. Cross, Calgary, Alta., who carries on an extensive ranching business in Alberta, makes the following statement:

"I could not carry on a cattle business without Shorthorns. Not saying anything derogatory of other breeds, the Shorthorn suits our purpose, and we are running a herd on the open range. They make us 200 pounds more beef than would be possible with other cattle." He also states that what the western cattle industry needs is bigger cattle, which insures more beef to the animal, there being no difference between fixed charges on a 1000-lb. steer and a 1200-lb. steer. Mr. Cross uses both Shorthorn and Hereford blood, claiming that he gets the best results from cattle which carry about two-thirds Shorthorn and one-third Hereford blood.

B. J. Erwin, Douglas, Wyo., marketed his two year old range-bred steers weighing 1041 lbs., practically the same weight as the average three year olds from the same range; and the steers of the Fudchick outfit, by Shorthorn bulls weighed 1230 lbs. at Omaha, about 200 lbs. more than the average steers not carrying Shorthorn blood.

Wherever the Shorthorn goes we can trace its influence for good. In growth, sappy steers are characteristic results from using Shorthorn bulls on the range, as elsewhere.

After many years of work a railroad tunnel under the Pyrenées, between Eastern Spain and France, nearly twenty miles long, has been completed.

For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! Now's the time.

An old, reliable blood-purifier and health tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with sillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scurvy. By improving the blood they aid in throwing off an attack of influenza and act as oil on the machinery.

Catarrh should be treated, first as a blood disease, with this alternative; then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy which can be had at drug stores.

Central Utah, Salt Lake—"I have used the 'Golden Medical Discovery' for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal. I think my boy would not be alive today had it not been for the 'Discovery.' I also keep it on hand for coughs as it cures so from other medicines, instead of upsetting the stomach as cough syrups do, it is good for the stomach."—Mrs. Percy Wood.

Barnes, Ont.—"I had influenza so badly I was always in bed. I had three doctors in all, and the two just put me 'down and out' for about five years. I had many good doctors but got no relief. I took the 'Golden Medical Discovery' and before I had taken two bottles I was much improved, and in less than six months I was well. I could eat anything."—Mrs. Annie Bacon, 228 Barend St.

IN THE MATTER

Of the Estate of EMANUEL FULTON, late of Sedalia, Alberta, and of the Canadian Expeditionary Force, deceased.

NOTICE is hereby given, that all persons having claims on the estate of the said Emanuel Fulton, who was killed in action on or about the 6th day of November, 1917, are required to file with the undersigned, Solicitor for the Administrator of his estate, by the

22nd day of May, A.D. 1919

a full statement, duly verified, of their claims, and any security held by them, and after that date the administrator will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or brought to his notice.

Dated at Stettler, in the Province of Alberta, the 8th day of April, A.D. 1919

Chinook Breezes

Mr. J. A. Sully of Cereal was a Chinook visitor this week.

Mr. and Mrs. A. A. May of Alaska, spent the Easter with his sister, Mrs. C. Wylie.

Mrs. O. Hinds, who was taken suddenly ill on Saturday, is now slowly recovering.

Farmers are rushing the seeding this week, and preparing more land.

Miss Johnson of Calgary spent Easter the guest of Mr. and Mrs. Jos. Deman.

Ed. Loree has sold his half section, some twelve miles north west of Chinook; it is said, for \$10,000.00, half cash.

Several farmers were busy hauling government seed grain from the car during the present week.

Mr. O. F. Dunford of Calgary, and formerly proprietor of the Chinook Pharmacy, was spending a few days in Chinook last week.

Mr. Proctor, sr. from Ontario, is visiting his son and daughter, in law, Mr. and Mrs. Ed. Proctor. He is also looking after his interests here.

Easter tide was appropriately commemorated in Chinook. The service in the church on Sunday evening was well attended. The church was prettily decorated with Easter lilies, flowers and plants. The sermon and music were in keeping with the day.

Mrs. Johnson and family, with their household effects, arrived in Chinook this week, to join Mr. Johnson, who took a position in Woodruff's hardware store the past few months. They will reside in the residence recently vacated by Mr. J. B. Maclean on 2nd Avenue West. We welcome the family to Chinook.

Tim Butts has so far recovered from his recent serious illness as to permit his removal from the parsonage—where he had been for some three weeks—to his home, twelve or so miles north. Twice during his recent illness he hovered over the threshold of the beyond, and his recovery has been remarkable.

Mr. C. R. Brownell, who has been confined to his home for the past three weeks on account of his severe burns, left for Calgary on Wednesday, to consult a specialist in regard to his ears which are causing him great pain. His burns are nearly healed, but he is in a very weakened condition owing to the fact that he was just recovering from the flu when the accident happened. Nothing able to travel alone he was accompanied by Miss Jenks, Mrs. Brownell's health not permitting her to take the trip.

CENTRAL HOSPITAL

(Continued from page 1)

not. Practically the farmer decides.

After some further discussion two resolutions were read, one from the citizens of Cereal and the other from the citizens of Chinook. As the two resolutions covered pretty well the same ground, a committee of two was selected from each town to draft a joint resolution. This committee met later, when it was decided for each to send to the gov't their own resolutions as read.

Another resolution was passed and sent to our local representative, J. A. McColl, M.P.P., urging him to use his influence with the government to grant a central hospital in the suggested area.

Miss Rogers and pupils of her room will serve a May-Day Tea in the assembly hall of the school on Friday afternoon, May 2nd, from 3 to 6 o'clock. Special invitation to all.

WEED-INSPECTORS WANTED

By the M.D. of Collingwood, No. 243 Salary \$75.00 for each division, each inspector to handle one or more divisions and to see that the provisions of the Noxious Weeds Act are strictly enforced in the territory inspected by him. Applications to be sent to the Secretary or handed to one of the Councillors before May 17th, the date of next meeting.

**LORNE PROUDFOOT,
Sec.-Treas**

ROAD FOREMEN WANTED

By the M.D. of Collingwood, No. 243 One for the east, one for the centre and one for the west divisions of the Municipal District. Applications will be received by the Secretary, or by any one of the Councillors, on or before May 17th, the date of next meeting, and as the Council have not yet decided as to the amount and kind of work to be done this year, applicants are asked to be present at that meeting.
